XIV International Art Festival

"Constellations in Nessebar"

20 - 24 August 2026

Invites children's and youth creative teams and individual performers to participate in the program of the XIV International Art Festival "Constellations in Nessebar" 2026.

The festival is held annually from 20 to 24 August in the town of Nessebar, on the Black Sea coast. Unique in its location, among gold dunes and green vegetation, the small peninsula is the place where the throbbing modern has retained the spirit of past times to create that unique appearance of Nessebar, which grabs the heart of everyone who saw it only once. In 1983, Nessebar was declared by UNESCO as the City-Museum, Archaeological and Architectural Reserve.

Children and young people from all over the world take part in the Festival "Constellations in Nessebar". The organizers of the event are Nessebar Municipality and the Nessebar Municipal Children's Complex.

In the days of the competition, the city of world cultural heritage becomes a colorful scene of art and beauty, enabling all young people to show their skills and talents. Here they meet different cultures and traditions, and the festival atmosphere illuminates and inspires the participants and guests of the town.

The purpose of the organizers is to develop children's and youth creativity through communication between leaders and children from different countries and to unite young people into creative unions. The festival also contributes to familiarizing them with the culture and natural landmarks of Bulgaria.
